Yo  
You know you better watch out  
When I've got my boomerang  
'Cause I will not think twice  
To bust your ass

You know i feel pretty good  
When I've got my armor on  
These mother fucking punks  
Think they run my town

(chorus)  
'Cause I run through the village  
Because I am Batman  
I fight all the villains  
Because I am Batman  
Fight crime every day  
Fight crime every nite

Willpower stronger than steel

If you cross my path  
You must face my wrath  
Rocking in Gotham  
Because I am Batman  
Oh yes

With my utility belt  
I'll use my grappling hook  
And i will fly through the skies  
In my Dark Knight disguise

Is everybody ok?  
I'd really like to know  
The Joker, the Penguin, the Riddler  
I don't care at all

(chorus)
