'Cause I watched, 'cause I watched
'Cause I watched, 'cause I watched

I've watched as dreams slowly waste away and die
You are a postmortem beauty queen
As razor blades cut me, we suffer with every kiss

Thinking I'm dying
Choking as I burn
As evil dies within me
Sewing me back together

So here again my heart is rusted through, rusted
through
Look as yourself lying on a picture of misconception
As we fall walking across, across the dead
This is a memory of rotting destiny
Our worst nightmare

Your throat will bleed
Your skin will burn
Your throat will bleed
Your skin will burn

I've watched your skin burn

Your warm hands touch my face
As I look into your eyes
Your dreams will slowly die
Can you hear my voice?

Your warm hands touch my face
I look into your eyes
Dreams will slowly die
Can you hear my voice?

Fuck you with all these lies
Break me with all your words

As I gasp for one last breath, for one last breath
The tears from the fallen angels
The tears from the fallen angels, angels

The tears from the fallen angels
The tears from the fallen

Will come to rise
Come to rise, come to rise
Will come to rise
Will come to rise

I've watched as dreams slowly waste away and die
You are a postmortem beauty queen
As razor blades cut me, we [Incomprehensible] every
kiss
Thinking I'm dying, choking as I burn

You've become our worst, the nightmare
