[PARKWAY DRIVE]

I'd give the world for you to look my way.
I'd give it all.
Just to feel your love.
Cast aside.
Separate.
Destroyed.
Sweet laughter bleeds my ears.
Your eyes tear at my throat trying to steal my tongue.
Gaze of an angel melting my skin.
A face so cold.
Twice as enchanting.
I'm swallowing razorblades again.
Your eyes have torn my throat.
Trying to steal my tongue.
Gaze of a demon has burned through.
My skin.
Porcelain fingers take the hope from my heart.
Splinters of love.
A years goodbye's bleed red.
Roses of black fill my night.
The stars have fallen.
Take the hope from my life.
With all my love this is my last.
My last heartfelt.
Fuck you.
This is my last fuck you.
Fuck you.
