Three in the morning and I gotta be someplace  
I don't remember where  
Friends try to make me stay or call me a cab home  
I grab my keys and a beer

The cops they took my license away  
But I got my car out of impound today  
And I've been drunk since last Saturday  
You'd better stay outta my way

I drink and drive  
Feel so alive  
I'll never take that dive  
Feel so alive  
I'm doin' ninety-five  
I drink and drive  
I feel so alive  
I drink and drive

Early morning and the freeway's deserted  
Like it's all mine  
I'm trying to set a new drunken speed record  
But I can't drive a straight line  
Flashing lights  
Split the night  
I'm tossing bottles as I swerve to the right  
Now I've slammed my face into the back of a big-rig  
At least you'll never catch me you fucking pigs

Designate someone other than me  
I'm so drunk I can hardly see  
Another shot of jagger and I turn the key  
I got so many places to be

When I'm on a binge, my friends all cringe  
They won't drive at night  
Cause down at the freeway it's such a fright  
But I think I drive alright
