I can smell the blood on the floor  
And I open the door to my fate  
See the dying see the pain  
Feel the anguish of my hate  
I don't understand  
What this vision will forever mean for me  
I get captured and confused  
When wondering about the meaning of my life  
I walk down a long way to hell  
With blood on my hands from those people who I wish  
to kill  
See the dying, see the pain  
Feel the anguish of me hate

I slowly come back into my life of misery  
I don't understand why hate burns inside of me  
I don't know what's the sense of life and death  
Can I glide into heavens shore

I walk a path to the horizon  
Blinded by the blackness of my mind  
With endless yearning for salvation  
I glide into heavens shore
