I think I took it too far this time.
Don't think there are things out there [?]
My lips are sealed, pick up the phone.
I know it's real.

I woke up today feeling oh so strange in every single
Way.
I must be out of my head, as I try to make decisions
Like these.
I'm so confused; I never lost my way back home.
I'm so confused; I swear I lost my way back home.

I think I floated too far this fall.
I float in space 'til I hear my world.
I need a friend. Is this the end?
I'm loosing it.

I woke up today feeling oh so strange in every single
Way.
I must be out of my head, as I try to make decisions
Like these.
I'm so confused; I never lost my way back home.
I'm so confused; I swear I lost my way back home.

I'm never coming down. I'm never coming down.
I'm never coming down from these clouds.
I try to tell myself, a king fit for the crown
Will finally take back the world.

I'm never coming down. I'm never coming down.
I'm never coming down from these clouds.
I try to tell myself, a king fit for the crown,
A king fit for the crown in this world.

I woke up today feeling oh so strange in every single
Way.
I must be out of my head, as I try to make decisions
Like these.
I'm never coming down. I'm never coming down.
I'm never coming down from these clouds.
I try to tell myself, a king fit for the crown,

A king fit for the crown in this world.
