I'm seeing clear, I'm leaving fear  
For the first time in my life,  
I'll take everything I know  
To the streets, to the people

Trying hard to feel something real  
We've had enough, this is reality  
It's not enough, to keep this feeling alive

Trying hard to feel something real  
We've had enough, but this is reality  
It's not enough, not enough  
To keep this feeling alive

The truth, we want it now, we want it right now  
(The truth, we want it now, we want it right now)  
The truth, we want it now, we want it right now

We did nothing wrong  
Life's long enough, they'll find me  
My home was here all along  
I just needed a dose of reality

I'm seeing clear, I'm leaving fear  
For the first time in my life,  
I'll take everything I know  
To the streets, to the people  
I'm seeing clear, I'm leaving fear  
For the first time in my life,  
I'll take everything I know  
To the streets, to the people

Trying hard to feel something real  
We've had enough, but this is reality  
It's not enough, not enough  
To keep this feeling alive  
We did nothing wrong  
Life's long enough, they'll find me

The truth, we want it now, we want it right now  
(The truth, we want it now, we want it right now)

The truth, we want it now, we want it right now

This is reality, yeah!
