I gave you time because I thought you had to think it  
out

Now your head is all filled up with doubt  
Surely there would be assurance by now  
I am comfortable with the unpredictable  
In this place, I sense contagious  
And I see a face  
I can't contain this  
I can't contain this, no

Yeah I'm just a kid  
But I can be tall  
I can be anything at all  
I can be yours  
You can be mine  
Just for tonight I swear that it will feel right

I look at her picture (I look at her picture)  
Remembering other times in life  
And I know that no one is listening  
But, I have something I want to say  
Tonight I met the one that hoped for me  
Got closer, she's over  
And tonight I met the one that hoped for me

I close my eyes  
I see her in my mind now  
Looking through the ups and downs  
Searching for a turn around  
Surely there would be assurance by now

Yeah I'm just a kid

But I can be tall  
I can be anything at all  
I can be yours  
You can be mine  
Just for tonight I swear that it will feel right

I look at her picture (I look at her picture)  
Remembering other times in life  
And I know that no one is listening

But, (I know that no one's listening)

Tonight I met the one that hoped for me  
Got closer, she's over  
Tonight I met the one that hoped for me

\*We gaze upon the glowing sky  
Wishing this last kiss wasn't our last goodbye  
I pushed myself to follow the truth  
That my last night could not be with you\*

And I'll sing to you  
'Til it's over  
Now it's over  
And I'll to you  
'Til it's over  
Now it's over  
'\*But I'll sing for you\*'  
Forever  
And ever!

{Fade out}
