(Hey!) I wish I was anywhere but here
(Hey!) I don't know what you're talking talking talking
'bout
You've got me upside down turned inside out
I don't know what you're talking about
You've got me upside down turned inside out girl

Girl you know that your hard to please
When I'm on my knees sitting here just begging
You know I got to go I got this to do
Don't you understand that it's not the plan to tear your
heart in two
This can't hold me down or I'll be on my own again
(Hey!) I wish I was anywhere but here
(Hey!) I don't know what you're talking talking talking
'bout
You've got me upside down turned inside out
I don't know what you're talking about
You've got me upside down turned inside out girl

*It's just my luck
You said yourself we live and we learn
It's like a scare crow to the flame

You watch me burn
You said yourself we live and we learn*

Girl you know that your hard to please
When I'm on my knees sitting here just begging
You know I got to go I got this to do
Don't you understand that it's not the plan to tear your
heart in two

(Hey!) I wish I was anywhere but here
(Hey!) I don't know what you're talking talking talking
about[x2]

You've got me upside down turned inside out
I don't know what you're talking about
You've got me upside down turned inside out girl

*It's just my luck

You said yourself we live and we learn
Well I guess you
You watch me burn
You said we live and we learn*
