Don't piss down my back then tell me it is raining.

You just had to walk in before I kicked the table  
beneath my feet.

If I can't have any friends I thought why not hang from  
the ceiling.

Just because I ordered, doesn't mean I can't look at the  
menu.

Not that there's any other fish in this sea I'd rather have  
on my plater than you.

Just because I FUCKING ordered, doesn't mean I can't  
look at the menu.

Not that there's any other fish in this sea.

Don't drink and park, accidents in cars cause  
population.

Fuck "more the merrier" there's only one person I need  
to feel this sinstation.

If you need directions you can take the road that's  
down my sleeve,

This time I'm taking you with me, but the cuffs are you;  
so good luck trying to leave!

I hope one day I can cross your ocean, without feeling  
the puncture of your teeth.

Believe me I'd rather drown myself, then knowing you  
have the power to pull me beneath.

[X2]

There's so much oxygen that I forgot to breathe...

You're only making things worse, you're only making  
things worse (I find my self running backwards every  
time).

[X2]

Fuck that I changed my fucking mind

Jesus loves you so I won't have to.

[X2]

I hope you sleep softly with this pillow pressed against  
your face
