I know exactly why you're wearing that dress
It's about time you chose that easy, sleazy access
Yeah
A hit and run
A rip and dip
A mild stare
A slow sip
Coronal Mass
Infections
And lizard-like whores are actually what killed all of the
dinosaurs
This late baking news makes your head spin like an owl
Bleeding from all vessels
you should grab yourself a towel

Scratch you off my list
I've been meaning to, just like an itch
I was stoned to death
When I took your last breath just like a witch
I'm bigger than you and I'm way bigger than him too
Get ready for the big debut
Cumming is one of my favorite things to do

Whenever we talk you're a deer in the road
And my lips are sealed
You constantly surprise me
But I have to move swiftly before you smash the
windshield
I'm always the one to bring us back
Affectionate...

Souvenir from a foreign perilous
Municipality to something less
Insecure and severe

Scratch you off my list
I've been meaning to, just like an itch
I was stoned to death when I took your last breath
Just like a witch

I'm bigger than you and I'm way bigger than him too
Get ready for the big debut

Cumming is one of my favorite things to do

Decagon Czarina!

I heard you collapse behind the lavatory stall
Consuming anything that pokes its head in and out the
wall

You've got time continuum tears running down the side
of your cheek

Asphyxiating for eons
Leaves no time for us to speak

Scratch you off my list

I've been meaning to, just like an itch
I was stoned to death when I took your last breath
Just like a witch
I'm bigger than you and I'm way bigger than him too

Get ready for the big debut

Cumming is one of my favorite things to do
