Watch your back  
Or I will have your girlfriend on hers

Keep that nympholeptic,  
My typo chick is hypodermic

I'm a sonic salesman  
Handling a brief case loaded with frequencies  
Provided for the deaf -and-dumb  
Salivating fuzzed receptions,  
Still have their lips  
Suctioned on my thumb

Just trying to lighten up the mood dude,  
Blowin' out your attitude  
Now remain your ass calm  
Or I make you disappear,  
After I clear this smoke bomb

I'm glad irrepressible tremors,  
Carry zero context or tone  
Bashed that skull cap,  
With your own cellular phone

Found malodorous residue,  
I have a feeling they barbecued you

Beings were blaring  
Queer diapason jams,  
Centrifugally forced to cash  
Grand galactic grams  
A flexible cystotome like  
Device saw what was flawed,  
The biopsy was an  
Indelible optical saccade  
Achromatic couldn't fit it's chroma  
With the help of fate  
Leader precentor hocks a sacred lodged key  
The frantic search for me, begins unceremoniously

Intra-axonally whiplashed

Exemplary ages ago  
Chucked the longest geographical stretch,  
A span can depot

Intra-axonally whiplashed  
Exemplary ages ago.  
Chucked the longest geographical stretch,  
A span can depot a span can depot

Please, hubristic disease,  
Incarnate each cathexes.  
Foaming alchemical dust debris  
Clumpy excerpts are droopy guarantees
