On the inside  
Do you know what you're about  
When I see you  
I wanna free you  
Cos you're always freaking out  
We could be riding on the waves of an ocean,  
baby  
Flying to the beat of our hearts  
I wanna make you a star

[Chorus:]  
Hey Now Now  
Don't you know  
It's not really that complicated  
Hey Now Now  
When you come and go  
It's so hard for me to sleep at night

Hey Now Now  
Listen you  
Think of all of the time we've wasted  
Hey Now Now, Hey Now Now, Hey Now Now

From the outside  
Looking in I see your bright light  
Yeah, believe it when I say  
Everything will be alright

Gonna stay right here when your sun  
don't shine  
While your head's still up in the clouds  
For crying out loud

[Repeat Chorus]

Hey Now Now  
Listen you  
Think of all of the time we've wasted  
Don't ask how but dreams come true  
And we'll find a way to make it right

And if you think that innocence is dead  
I'll say it's all inside your head  
I've got to tell you how I feel  
And you know we're gonna make it for real

Meet me halfway  
We can't help but come together  
I'll make you happy  
I'll show you what this love's about

[Repeat Chorus]

Hey Now Now  
Listen you  
Think of all of the time we've wasted  
Don't ask how but dreams come true  
And we'll find a way to make it right
