Every day I wake up to another day gone by  
Nothing but the open road and the never-ending why  
Anything can happen, yeah, but nothin ever does  
I try to change, it's kinda strange, the same as it ever  
was,  
but look at us

How do I deal with you  
How do I deal with me  
When I don't even know myself  
Or what it is you want from me  
How do I deal with us  
How do I know what's real  
When I don't even trust myself  
Or what it is I feel  
And how do I deal

Every night, in the dark, I lie awake in bed  
How am I supposed to dream, with all the static in my  
head  
I turn in all directions and I pray for some relief  
What can I do but feel the weight I'm underneath  
And grit my teeth

How do I deal with you  
How do I deal with me  
When I don't even know myself  
Or what it is you want from me  
How do I deal with love  
(Why do I) Why do I have to choose  
And everybody's tellin me  
What the hell I have to do  
And how do I deal with us  
How do I know what's real (Real)  
When I don't even trust myself  
Or what it is I feel  
Now how do I deal

How do I deal with you (How do I deal with you)  
How do I deal with me  
When I don't even know myself

Or what it is you want from me  
How do I deal with love (How do I deal)  
Why do I have to choose  
When everybody's tellin me  
What the hell I have to do  
How do I deal with you (How do I deal with you)  
How do I deal with me (How do I deal with me)  
When I don't even know myself  
Or what it is you want from me  
How do I deal with us (How do I know what's real)  
How do I know what's real  
When I don't even trust myself  
Or what it is I feel

How do I deal (How do I deal, yeah)  
How do I deal  
How do I  
How do I  
How do I deal  
How do I  
How do I  
How do I deal with you (How do I deal)
