I'm holding a letter that I wrote last night
Tryin' to remember what it says inside
The words are written but never been said
Your voice keeps calling in my head
I don't believe it's time
But I try to say goodbye
But I feel so lost inside
I don't know my name
And I can't erase what's weighing on my mind

It says I'd be leavin' on a redeye plane
But I know I'm coming back again
You've heard the story a thousand times
The song is playing in your mind
I'm asking myself why
Then I try to say goodbye...
But I feel so lost inside
I don't know my name
I can't erase what's weighing on my mind

I try to stay awake, trying to write the words
And I'm trying to write the word goodbye
... to say goodbye
But I feel so lost inside
I don't know my name
And I can't erase what's weighing on my mind

And I try to say goodbye
But I feel so lost inside
And I try to say goodbye

And I try...
And I try... to say goodbye
And I try to say goodbye
I try...
And I try...
