Oh hand me down my walking cane  
Oh hand me down my walking cane  
Oh hand me down my walking cane  
Im gonna catch that midnight train  
For all my sins are taken away

Oh the beans were sour and the meat was fat  
Oh the beans were sour and the meat was fat  
Oh the beans were sour and the meat was fat  
Oh my gosh I couldnt stand that  
For all my sins are taken away

Now if I minded what my mama said  
Now if I minded what my mama said  
Now if I minded what my mama said  
Id be sleepin in a feather bed  
For all my sins are taken away.
