Is this how it's going to be  
These expectations laid in front of me  
Holds me down, then sets me free  
Is this how it's going to start  
With this emptiness inside my heart  
Over time pulls me apart  
Don't break this thread  
It's all I have of you  
Don't break this thread  
It's all that I hold onto  
This is what's inside my head  
This is how I feel about you  
My heart bared open you've read  
And this is what I do  
Is this how it's going to end  
With so many letters left to send  
It's not enough just to pretend  
Is this all I have left  
I'll never forget you  
I sat with you as we looked out on the water  
And I knew it was right  
Don't break this thread  
It's all I have of you  
By this string I've been led  
It's all that I hold onto  
This is what's inside my head  
This is how I feel about you  
My heart bared open you've read  
And this is what I do  
-  
I still remember that morning when the sunlight hit your  
eyes  
I know I made you feel guilty, but I never made you cry  
And I know you don't believe me when I tell you the  
truth  
And I know that you look through me when I'm looking  
through to you  
I'm never going to realize, I'm never going to  
understand  
I'm always going to be a boy, I'm never going to be a  
man  
I held you in my arms, and I swore I'd never leave

I just hope that you were listening and I hope that you  
believed me  
I still remember that morning when first I realized  
That you're a thousand miles away, and I can't hold you  
when you cry  
And I know that you can't hear me when I call out to you  
And I know that you look to me when the world looks to  
you  
I'm never going to realize, I'm never going to  
understand  
I'm always going to be this boy, I just want to be your  
man  
I'll hold you in my arms, I swear to God I'll never leave  
Just tell me that you're listening and say that you  
believe
