i love to see my people living in love
I hate to see them fighting
and swimming in blood
nuff neglect the farming
scorning the mud
yet they wanna be the first
to reap the food as it bud
Oh them fill the earth with prison church and whorehouse
love the rum bar
yet them hate the pure house
them take the microchip
and now the wrath a pour out
less food
more shout and more mouth

Rasta tell them all the while
stop war and go till the soil
Stop fighting for land and oil
for the coal
so many go defile
slavemaster spit inna dem face
and take that with a smile
the banks of the nile
so mild and so fertile
acres more than a zillion mile
people acting vile
big up cannibal style
wan devour mama papa and child

Sow life seed
and let it bust her
them say they think it take to long to grow
and start to cuss her
i couldnt trust dem and those as how i trust her
such is life

dem say ah just earth
kasha heights
wah dem call this spot ah land
some say fi govt
some say fi mattalan
still dont wan share
although them got a lot of land
dem wan fi turn ah gun range
and shotta land

Rasta tell them all the while
stop war and go till the soil
Stop fighting for land and oil
for the coal
so many go defile
slavemaster spit inna dem face
and take that with a smile
the banks of the Nile
so mild and so fertile
acres more than a zillion mile
people acting vile
big up cannibal style
wan devour mama papa and child

Politician nuh talk
certain thing dem nuh mention
say ah drugs and gun
the people tax money spent pon
come with plastic smile
and them wicked intention
inna yuh hand
ah where them put them evil invention
turn gun model
seeking attention
see it deh yuh dead
And there is no redemption
parents ah wonder
where to get the first cent from
to bury the dirt
they not even got pension

Rasta tell them all the while
stop war and go till the soil
Stop fighting for land and oil

for the coal
so many go defile
slavemaster spit inna dem face
and take that with a smile
the banks of the Nile
so mild and so fertile
acres more than a zillion mile
people acting vile
big up cannibal style
wan devour mama papa and child

Submitter's comments:Â

Saw this translated, and was appalled at some of the mistakes made that changed the whole meaning of the song in places. Specifically the part about kasha heights and mattalan.

SMH@person who stated the song said anything about shot Iran.
