(Andreas Karlegård/Martin Karlegård)

Give me black coffee and a stranger
This conversation is getting old now
Give me black coffee and a stranger
I need to talk it out, get it out
Give me black coffee and a stranger

I am a liar, oh, what a company
It's someone from higher places that would be
I'm going tired of your suspicious mind
Is it just me ? Is it just me ?

I've got a weak sport, I can't punch in, punch out
My life with a time plot, I am a sacred for
The drama that we've got, I love the irony
Is it just me ? Is it just me ?

Give me black coffee and a stranger
This conversation is getting old now
Give me black coffee and a stranger
I need to talk it out, get it out
Give me black coffee and a stranger

Send me a stranger on Empire State
The none of his listener, I am a lover
Humility of danger, I've got a question for you
Is it just me ? Is it just me ?

Give me black coffee and a stranger
This conversation is getting old now
Give me black coffee and a stranger
I need to talk it out, get it out
Give me black coffee and a stranger

We're going down to the crypt, down to the crypt
And digging out bones, and digging out bones
Got to find an answer, got to find an answer
What of a last gear ? What of a last song ?
What we have done is no wrong, nobody knows
But give black coffee

Give me black coffee and a stranger
This conversation is getting old now
Give me black coffee and a stranger
I need to talk it out, get it out

Give me black coffee and a stranger
This conversation is getting old now
Give me black coffee and a stranger
I need to talk it out, get it out
Give me black coffee and a stranger.
