We got shooting stars, fireworks and neon lights
We got elephants and acrobats for you tonight

Sending battleships, submarines and satellites
I just wanted to see you my honey
We got everything you ever wanted here tonight
I just wanted to see you my honey

Everybody's got bellies full of butterflies
I just wanted to see you my honey
We got everything you ever wanted here tonight
I just wanted to see you my honey

Sending battleships, submarines and satellites
I just wanted to see you my honey
We got everything you ever wanted here tonight
I just wanted to see you my honey

I just wanted to see you my honey

Sending battleships, submarines and satellites
We got everything you ever wanted here tonight.
