In time when  
Dragons sprang out from the earth  
I was at one with a blackening moonlit  
And from a borg to the open sky  
I saw an raven circle  
Born out of thorns to the surface world  
With mesmerising strenght  
To fly among the blackest rain  
And soar into the deepest gorge  
For this I would battle kingly palaces  
For they learn to be false  
And outshine all that I once knew  
Circle above the open sky  
To fly among the blackest rain  
Know in the underdark  
To soar into the deepest gorge  
In time when  
Dragons sprang out from the earth  
I was at one with a blackening moonlit  
From a borg to the open sky  
I saw an raven circle  
Circling above in time before time
