I know that you are hiding in there
I know that you are hiding in there
Can I let you out?

And if I let you out
Is it okay if I let you out?
If I let you out just for a while
Is it all right?

If I let you out
Is it okay if I let you out?
If I let you out just for a while
Is it all right?

'Cause it's only water in your eyes
And it's only words out of my mouth
It's only me out here tonight
It's only you I wanna find

It's only water in your eyes
It's only words out of my mouth
It's only me out here tonight
And it's only you I wanna to find

It's only water in my eyes
It's only words out of your mouth
It's only me out here tonight
It's only you I want to find

I know that you are hiding in there
I know that you are hiding in there
Can I let you out?
