Eyes of stone  
Eyes of ice are watching me  
Their glimpsing light comes in my sleep  
Chained in a dream from the ancient deeps  
Mindtravelling the darkest paths  
Eyes of stone  
Eyes of ice are haunting me  
Their burning light comes in the night  
Awaken from a dream but still I'm in  
Mindtravelling the darkest paths  
Come with me  
I promise you the darkest desires  
Come with me  
I promise you a dimension that's higher  
Follow me through the unending  
On a path where crystals breathe  
And night and day are the same  
Enter to a grimmer dark for us to be  
Eyes of stone  
Eyes of ice are watching me  
Their glimpsing light comes in my sleep  
Chained in a dream from the ancient deeps  
Mindtravelling the darkest paths
