Aeons ago the legends tell we rode onward  
Led astray by the northern chaos gods  
Calm before the storm we came from the north..  
Horses roamed in the open landscapes  
The scald sang to their kings  
Only he who battle wins  
The scald sang to their kings  
Let the battle be fought to be won  
Tremble with fear for the banner of our kings  
War now calls heed to the battle  
Hear our swords clinging in the wind  
Men cast from their saddles horses roar and scream  
Descendants of wrath and the kingdoms of fear...  
The might we possess burn like fire  
The will remain in our northern hearts...  
More scalps to be won - an eye for an eye  
Aeons ago the legends tell we rode onward  
Led astray by the northern chaos gods  
One by one by the northern tribe you fall  
One by one..die by the strongest of them all  
Still theres only greatness sunged to those who fell  
Who battled strong to win these wars..  
One by one we took your lives  
Grey mist swirl across the meadows..  
Where battles once ruled the steps  
Where the ancient armours of bronce..  
Are buried and corroded by time  
Strong where those who won the war..  
And the legends tell only of wrath  
As brothers of the northern tribes..  
They guarded the borders of chaos  
We leave this Battlefields ground ...  
Red where the rivers of blood  
Unforgotten by the ones ...  
Born of strenght and glory
