[Music: Abbath - Lyrics: Demonaz]

Barbaric tempered steel strike forth and toll our days
the red and black of our victorian crest

We flag beneath... beneath the solar seas
we grant as the might to conquer so spread be our
wrath...

Meet the voice of us darkblind souls as it blasts from
an open sky

victorious we live over all strong men under us fall

The longer we ride this yearn will make us find

where dark and light don't differ...

Winterized... blackening descend

Mesmerized... into demonlands

Far... far and further away

in mightful strong and mindless realms

We flag beneath... beneath the solar seas

again it's time to conquer so spread be our wrath...

Where dark and light don't differ...

Winterized... blackening ascend

Mesmerized... in demons lands

The longer we ride the stronger we stride...
