[Music: Abbath/Horgh]

[Lyrics: Demonaz]

The dark nights landscapes and only me

Seas and rivers high

Deeps and waterfalls

Massive mountains

Powerful mountains

Still only me

Where bergs and peaks throne

Cold beneath the moon

At the works of my gods

I glaze my heart to be

The nature of dark

Awake my soul to see

At the works of my gods

I glaze my heart to be

With an evil mind

...flamed my heart will be

My quest reverse the time... within the dark mind

Strength in it I find... within the dark mind

The dark nights horizons and only me

The shunning moonlit lights

The paths to forests wild

Massive sky powerful sky

Still only me

Epic and diabolic... swallowing the gloom

At the works of my gods

I glaze my heart to be

The nature of dark

Awake my soul to see

At the works of my gods

I glaze my heart to be

With an evil mind

...flamed my heart will be

The dark minds landscaped and only me

Walls of time benight...

A world I realised

Massive thoughts powerful thoughts

Still only me

A deepening of a shadow

By the dimming of the sun
