They say I couldn't make it  
Been down so long I couldn't take it  
Go hard be strong but be patient  
Pray before you eat and be gracious  
Hard beat and sweat tripping  
F... so let's get it  
No job... with it... needs some help with it  
Dark nights park lights  
24 hour practice that's how I got nice  
Lights camera action in the spot light  
Never get burned I will show turn I got right  
As the crime stand on the platform  
On it's way to the bench team...  
... how did they react to them  
I am always on stand... I am always strong  
Even when I am always wrong I am always on  
Go hard you will be always on  
Go hard you will be always known  
... everybody clap for him  
... everybody clap for him

They say I ain't great wore more and less I ain't...  
Reaching my goals to the... fear nothing trust life  
Whenever I mission you came right... can't take it  
I am tired on my way to word... jump high I got higher  
... on it's way to the bench team...  
... how did they react to them  
I am always on stand... I am always strong  
Even when I am always wrong I am always on  
Go hard you will be always on  
Work hard you will be always known  
... everybody clap for him  
... everybody clap for him  
I am always on

I ain't afraid to live it up  
... stand I gotta get it up  
... I did it up... they have been trying to...  
I am always on  
I am always on stand... I am always strong  
Even when I am always wrong I am always on

Go hard you will be always on  
Work hard you will be always known  
... everybody clap for him  
... everybody clap for him  
I am always on  
I am always on  
I am always on
