(All right, bye)

[1]

Ooh, woah, oh, ooh...

I want you

I belonged! (to you)

Now!

I used to belong! (to you)

No, no, no, no, no, no, no!

Because

Wish I could hurt you

No, ooh, now, I belong (to you)

[2]

When darkness starts falling

When I hear your name

Ah, hey... oh no... (helping you)

[3]

Turning in the water

I wanna hear my first, first song

I wanna hear my first, first song

Turning underwater

I wanna hear my first, first song

I wanna hear my first, first song

(I don't wanna be)
