Listen girl  
They call me  
Polow da Don  
And I got my boys with me  
They go by the name I-15  
And you know what we came to do..  
(Get money!)

She don't know no better  
Triflin with my heart  
Like it was a parade of fun  
In and out of love  
Make me feel inadequate  
If I try to perfect it  
She wouldn't even let me (let me)  
And now it seems another man stole her heart  
And so I'm off in the dust again  
If you rewind and play it back  
And just do it all over

She's bad  
Perfect frame  
Flyest thing I've ever seen  
Super model  
Wedding ring  
But she's lost in love  
She got game  
Smoother then Big Daddy Kane  
Always therefore I ain't playin  
But she's lost in love

I must have over slept on her  
She wants me when she wants me  
Otherwise she really don't care  
She's a keeper with a players mind (yea)  
When we in public, she don't know me  
At home she treats me like a king

She don't understand (No)  
And now it seems another man stole her heart  
So I'm off in the dust again  
If you rewind and play it back

And just do it all over

She's bad  
Perfect frame  
Flyest thing I've ever seen  
Super model  
Wedding ring  
But she's lost in love  
She got game  
Smoother then Big Daddy Kane  
Always therefore I ain't playin  
But she's lost in love

Yeah she's so slick  
She got a man, but he ain't it  
I tell her I be there when she wants something  
She keep callin me telling me she wants something  
And now I'm caught up in the matrix  
I see what you do  
I don't say shit  
I can't find a replacement  
She's so bad she make a dime look basic

She's bad  
Perfect frame  
Flyest thing I've ever seen  
Super model  
Wedding ring  
But she's lost in love  
She got game  
Smoother then Big Daddy Kane  
Always therefore, I ain't playin  
But she's lost in love
