[I-20]

Bobbys back in business and im all about these bitches  
shit im trying to take a stand  
cant a nigga get a witness  
I aint tricking, I aint pimpin  
I'm just sticking to my motto  
I aint playing where im staying  
I just lay them in my auto  
hit em one night then the next we threw  
throw in the flag  
if she write thats coo  
shawty now quick if she wanna fall threw  
like dont call me trick, ill call you  
get up in the chevy then (speed up)  
get back to the back seat (feet up)  
room at 12 pimpin its on  
wake up in the morning and (I'm gone)  
trick dont keep me waiting  
cuz im known to be impatient  
we should do a lot more fuckin  
and a lot less conversation  
I aint hating i'm just stating  
I just love them then I leave em  
once I greet em then I skeet em  
once I beat em I dont need em  
they fishin for attention  
so I bait em and I gut em  
ever since I had sweeny todd here I cut em  
DTP the squad  
all these broads are steady chasing  
I'm the super man lover  
but I never gota save em

[Rocko] x4  
you really like her  
you might wife her  
I dont like her  
so I one night her

[Ludacris]  
Thats how we do it  
yeah yeah  
luda  
I dont cake em, I dont wife em  
I dont chase em, I dont ice em  
I cut em up like a surgeon  
put on a table  
yeah I slice em  
dice em up like tomatos  
see em on the streets like "hey hoe"  
form Conneticut to Vallejo  
I put on my gloves and K.O.  
blahh you just got knocked out  
time for me to clock out  
take you back to your house  
hop in the ride then hop out  
duce tuck it up, im gone  
you could love it up, at home  
trick suck it up, im grown  
about to double up, and its on  
life of a player everyday I keep it moving  
I keep a giant philips head  
and yeah I keep it screwin  
i'm really just a handyman  
catchin you on my handy cam  
lickin my lollypop  
yeah yeah I see yah in candy land  
make it to the finish and dont you leave a blemish  
I know how to whiten your teeth so you  
dont have to see the dentist  
but you could peep the realist trillest niggas  
you've ever seen  
its money over bitches and im all about my  
green.

[Rocko] x4  
you really like her  
you might wife her  
I dont like her  
so i one night her

[I-20]  
Ok  
so tell them send em to the stage

they all race for there audition  
tell her get her ass in here  
she can work my pole position  
20 is a beast though  
take her off the leash though  
you could have her when im done  
she was just a lease though  
niggas be hand cuffin  
they dont want that fatty shaking  
just a bunch of bakers mans  
just wait to patty cake em  
heres a message to you niggas  
tryin to make that girl your wife  
you can have her for your life  
i just wanna fuck tonight right

[Rocko]  
you really like her  
you might wife her  
I dont like her  
so i one night her
