Will I win this war  
I've had my doubts before  
They cripple all the drive in me  
So long just say it

When I win this war  
I want my life like before  
So fearless, so certainly sure  
So long, just say it  
So long, no hesitating  
So long, so long  
I won't miss you when you're gone

Cause we're here right now  
Let's keep on living  
Like we never had a doubt  
Cause we're here right now  
Let's keep on living  
Like we never, we never had a doubt

They say I won't win this war  
I've woke up with doubt before  
But it won't cripple the motive in me

So long, just say it  
So long, no hesitating  
So long, so long  
I won't miss you when you're gone

Cause we're here right now  
Let's keep on living  
Like we never had a doubt  
Cause we're here right now  
Let's keep on living  
Like we never, we never had a doubt

Ignore the sounds they make  
I like mine better anyways  
I hope you know you are never alone and I hope  
You know you are never alone in your head

Cause we're here right now

Let's keep on living  
Like we never had a doubt  
Cause we're here right now  
Let's keep on living  
Like we never, we never had a doubt  
Never had a doubt  
We never had a doubt  
Never

I hope you know you are never alone in your head  
You know you are never alone and I hope  
You know you are never alone in your head  
You know you are never alone and I hope  
You know you are never alone in your head
