A Thousand Times

We said a thousand times
we'll make this work,
we'll make this work right
and prove our alibis.

This town is dead and yeah I'm to blame
For your anger, your sorrow, your joy, and your pain
and all that's left for me to claim is pile of memories
signed with your name
oh do you remember me now
when will this hypocrisy end
my mind is racing and your body enchants
as we quickly fall asleep.

So don't forget about me,
and I wont forget about you.
So don't forget about me
Its been a fairy tale now
but it all has to end real soon
and I'll be there alone in my bed
dreaming of you
I took a look at my life and I couldn't find out
If what I wanted back then is what I want now
But I'm not the only one
I'm not the only one

So t-t-take everything you make
b-b-break me down I'm your biggest mistake
I am, what you want
and you'll regret what you don't flaunt
so step aside (stand in line)
wait your turn (to dance in 4/4 time)
gotta get away for you my lord

gotta get away from you my god

So don't forget about me
and I wont forget about you
just don't for get about me
I took a look at my life and i couldn't find out

If what I wanted back then
is what I want now
I'm not the only one
no I'm not the only one
I took a look at my life and I couldn't find out
if what I wanted back then
is what I want now
but I'm the only one
I'm not the only

We said a thousand times
we'll make this work,
we'll make this work right
and prove our alibis.
We said a thousand times
we'll make this work,
we'll make this work right
and prove our alibis.

I'm not the only one
(I'm not the only one)
I'm not the only one
(I'm not the only one)
I'm not the only one
(I'm not the only one)
but I'm the lonely one
