The Radio Must Die  
Burn me with all the memories of my past  
Cuz I'm a cancer on the airwaves screaming back  
Help me cuz I don't have a plan  
For the dreams or aspirations  
Of the goals I'll never claim  
I'm a hero  
To the crowds that I command  
So raise your arms hit the sky  
We will never claim it all

Oh yeah  
The radio must die  
Whoa the radio must die

Save me from my obvious demise  
Cast me down towards social suicide  
I'm falling and overly depressed  
If I could do it by myself I could do it best  
But I have no one  
Who even gives a damn  
With heavy public standards  
I am a man without a plan  
Come on!

Oh yeah  
The radio must die  
Oh the radio must die

I hear them  
They're calling  
Back to the place  
Where I come from  
I feel it  
It's pulling  
Me down to hell  
With everyone oh

I hear the same song  
On the radio  
The same fucking repeats  
The same damn three words

On the radio

The radio must die

I hear them

They're calling

Back to the place

Where I come from

I feel it

It's pulling

Me down to hell

With everyone oh
