### VERSE 1

First time I saw your face  
You were just moving in  
I wondered if there was a way to get under your skin  
I went down to your place  
No one opened the door  
So now I figured you must live up on the second floor  
Next thing I finally saw you  
Downstairs washing your clothes  
I watched myself to see you kind of got a funky nose  
I wanna give up on you  
But then I try again  
Even though I don't know you you're my best friend

### CHORUS

Baby, I know you really  
Want me, you try so hard to  
Get me, let's not forget that  
You're my best friend  
Baby, I also really  
Want you, the more I know  
About you, I see we can be  
More than just friends

### VERSE 2

I watched you walk your dog  
I puckered up my lips  
I went to follow you  
I stopped and stepped in it  
Out by the swimming pool  
I show off just for you  
A double flip and upside down without my bathing suit  
I always think about you  
Before I go to sleep  
I'm late for school again 'cause I woke up at nine-oh-three  
I wanna give up on you  
But then I try again'

Even though I don't know you you're my best friend

CHORUS x 2

What, what  
Yo son what's it gonna be?  
You and I, not together but we got the chemistry  
I don't wanna be alone at night no more (uh huh)  
Just be like together leave the sex outside the door  
Yo kid, it's that time to motivate  
Don't stop movin' if the beat feels great  
We're about to crash this scene like a gate  
International Five, still smokin' on your plate  
(musical bridge)  
Baby  
Want me  
Get me  
You're my best friend  
Baby  
Want you  
'Bout you  
More than just friends  
REPEAT x 1
