Verse 1:

Whatever happened?  
Our evil ways?  
You set us straight.  
Or so you say.  
Nothing dreamt?  
Nothing else?  
I'm on the shelf.  
Until you pay.

Verse 2:

So help me God.  
Is there a God?  
He might of died.  
Or is nothing there?  
The pain I feel.  
It's much too real.  
I better steal.  
Or it's not fair.

It's not fair.

The pain I bear.  
It's not fair.  
The pain I bear.

Verse 3:

I'm in the void.  
Paranoid.  
Too annoyed.  
Of everyone.  
They're much too quiet.  
No more roits.  
I hear no liars.  
Something's wrong.

Something's wrong.  
I feel unstrong.  
Something's wrong.  
I feel unstrong.
