Verse 1:

From the motions & potions & comotions I've been
running from.
None of this reality & chastity will stop me from what
I've done.

Chorus:

Can you feel the anger, can you feel the rage.
All through life I'm blindfolded, trapped inside a cage.
I'm running out of patience, running out of prayer.
The violence that you taught me, I never felt was fair.

Verse 2:

All the silence & violence & the crying has seemed to
change.
All the youthless & ruthless & the unions finally seem
deranged.

Chorus:

Can you really blame me, I'm afraid of all this change.
Do you think you own me, you're driving me insane.
I am running out of breath now, please don't let me die.
Even though you loath me, I'm still gonna see you cry.

Verse 3:

Let go all this pressure & tension & suspension which
your holding me.
What I embarked on has darkened & shadowed me to
death.

Chorus:

You cannot really help me, you've done everything you
can.
I'm stretched upon the cross now, the shit has hit the
fan.
Don't you even love me, I've been faithful everyday.
Betrayal now your motive, but soon you'll have to pay.

Why don't you even listen, why don't you even care.
The murder which you've committed, will put you in the
chair.

SCREAM!!!!
