Oh whoa ooh oh yeah

I don't like playin games
I don't get off that way
My heart is ready to tell it like it is
I need somebody real
Someone who makes me feel
Like he would sail cross the ocean for one kiss

Winning my love is easy enough
But you better listen up

Here is the recipe
For bringing you to me
Start with devotion and honesty and trust
Throw in some tenderness
A gentle soul caress
Pour in some passion
And wrap it up with all of your love

I'll always do you right
I'll keep you warm at night
Take you to heaven and treat you like a king
But I expect the same
Through sunshine, snow, and rain
I've never settled for less then everything
So if you dare to really care
If you wanna take take me there

Here is the recipe
For bringing you to me
Start with devotion and honesty and trust
Throw in some tenderness
A gentle soul caress
Pour in some passion
And wrap it up with all of your love
Yeah hey

Something is there in the air
Loading the star dust in the dark
You hold the key (you hold the key)

To my dreams (to my dreams)
Knowing the way to my heart oh oh oh

Here is the recipe (the recipe yeah)
Start with honesty (with honesty and trust)
Throw in some tenderness (throw in some tenderness
oh ho)
Don't wanna play with your heart
Here is the recipe
For bringing you to me (to you and me)
Start with devotion and honesty and trust
Throw in some tenderness
A gentle soul caress
Pour in some passion
And wrap it up with all of your love (wrap it up, wrap it
up with your love)
Here is the recipe (the recipe)
For bringing you to me
Start with devotion and honesty and trust
Throw in some tenderness
A gentle soul caress
Pour in some passion
And wrap it up with all of your love
