All the time its always on my mind
all the time its always on my mind

the things that are running throught this young girls
head
when I get up in the morning when I'm going to bed
When I'm crivin' in my car when I'm talking on my cell
Crammin' for our final when I'm watching TRL

I think about love
I get distracted
When I think about hooking up with you
it gets all my concentration.
Think about ohhh I get preoccupied you got me in a
daze--
ohh... I get distracted, all the time, its always on my
mind

when I'm standing at the ATM
when I'm stirring my sugar in my caffe-mocha blend
when the radio is playing a song like this
I float away somehow, dreaming of your kiss--

I know its crazy livin' in this fantasy, but I dont know
how to break this spell
you put on me.
trying to stay focused on the things I'm supposed to
do, but before I know it my
attentions back on you.

I think about love, (all the time)
i get distracted, (its always on my mind)
When I think about hooking up with you it gets all my
concentration.
think about oh, oh, i get preoccupied, you've got me in
a daze
I get distracted, yeah
Disconnected, yeah
It's what I do, I think about you
Distracted, yeah
cant help myself

you got me in a daze

i know its crazy living in this fantasy, but i dont know
how to break this spell
you put on me, trying to stay focused on the things I'm
supposed to do, but
before I know it, my attentions back on you. I think
about love,
I get distracted
When I think about hooking up with you
it gets all my concentration.
Think about ohhh, I get preoccupied, you got me in a
daze--
(come on breathe)
distracted, whats a girl supposed to do? all i think
about it you
disconnected, its what i do, think about you

I think about love,
I get distracted
When I think about hooking up with you
it gets all my concentration.
Think about ohhh, I get preoccupied, you got me in a
daze--
ohh... I get distracted, all the time, its always on my
mind
