You're leaving now
I won't try
Try to change your mind now baby
I won't say
The words designed to make you stay
You've gotta live your life
I won't stop you
You've gotta do what's right for yourself
I know
No matter what you do
I won't forget you
I only know

CHORUS

If I, if I ever see heaven again
It will be in your eyes, your eyes
If I ever feel heaven again
It will be in your arms, your arms
It will be with you

You walk away
And I pray
I pray our boats will cross again someday

Deep in this heart of mine
I still love you
Deep in this soul of mine
You'll be there
I swear
The sweetest time I knew
Were times I had you
I only know

Chorus

I'll wait for your heart baby

You've gotta live your life
I won't stop you
I know
No matter what you do
I'll always love you

Chorus x2

It will be you and me
It will be with
It will be with you baby
It will be with you
