(Polow Da Don is talking)

verse 1

She dont kno no better
trifalin wit my heart
like it was a parade of fun
in and out of love
make me feel inadequete
if i tried to perfect it
she wouldn't even let me (let me)
and now it seems another man stole her heart
and so im up in the dust again
if you rewind and play it back
im just gone do it all over again

Chorus

She's bad
perfect frame
flyest thang i eva seen
supermodel wedding ring
but she's lost in love
she got game
smoother than big daddy cane
????????????????????????????
but she's lost in love

verse 2

I must have over slept on her (her)
she wants me when she wants me
other wise she really dont care
she's a keeper with a players mind (yea)
when we in public she dont kno me
at home she treats me lik a king (king)
she dont understand
and now it seems another man stole her heart
and so im up in the dust again
if you rewind it play it back im just gon do it all over yea

chorus she's bad
perfect frame
flyest thang i eva seen

supermodel wedding ring
but shes lost in love
she got game
smoother than big daddy cane
