I try to quench the pain
I try to drench these days
Time and time again, I fall on my face

Every time I tell myself
I've got a hold of this
I run back to it, sink right in

I fail, I fall, I fall on my face
I bend, I break
I can't take, I can't take the weight

I've seen so many
Burning holes through themselves
And if it's not my poison, they've got their own

Anything to mask these days
Anything to numb the pain
'Cause this worlds on fire
And I can't take the weight

I fail, I fall, I fall on my face
I bend, I break
I can't take, I can't take the weight

I fail, I fall, I bend, I break
I fail, I fall, I bend, I break
Burning holes through myself
Burning holes through myself

[Incomprehensible], bend and break
[Incomprehensible], bend and break
Burning holes through myself
I'm burning holes through myself
