Suffering from my demons

Where there's no feelings
There can't be pain
And where there's no trust
There's no betrayal

If you're taught to not care
All that grows inside is hate
Where their solution is violence
Violence is your escape

Suffering my own demons
Take a good look at what you've done to me
Left alone, so I'll stay alone
Left alone, so I'll stay, I'll stay alone
I'll stay alone

Suffering from my demons

When you don't open up
There's nothing inside to break
And if you let no one close
There's no one to push away

So take a good look
At what you've done to me
Left alone, stay alone
And in myself I'll believe

Suffering my own demons
Take a good look at what you've done to me
Left alone, I'll stay alone
Left alone, so I'll stay, I'll stay alone
I'll stay alone

Suffering my own demons
My own demons
