In our cell you ask me do I wanna be a sailor  
In our cell you ask me do I wanna be a sailor

I think dirt  
A suicide jump to run a self check  
Oh my girl  
Do you only like the younger or the braindead?

Three way, freeway, take me like a sailor  
Three way, freeway, wanna be a sailor?

A-quick step, boy girl love me like you love her  
A Knee-jerk, slow work, wanna be a sailor?

In our cell you ask me do I wanna be a sailor  
In our cell you ask me do I wanna be a sailor

A child like a lipstick fight before the nose dive,  
My princess, do you only like the easy and the snow  
blind?

Three way, freeway, take me like a sailor  
Three way, freeway, wanna be a sailor?

A-quick step, boy girl love me like you love her  
A knee-jerk, slow work, wanna be a sailor

Like a fever, I wanna be a sailor  
Like a fever, I wanna be the sailor  
Like a fever, I wanna be a sailor  
Like a fever, I wanna be the sailor

Three way, freeway, take me like a sailor  
Three way, freeway, wanna be a sailor?

A-quick step, boy girl love me like you love her  
A knee-jerk, slow work, wanna be a sailor
