In the grip of a winter came, love and greed  
Insane with faith, I took the driving front seat  
In the lowlight comfort of Berlin streets  
The calm from emptiness duetted with my body heat

I was alone at the front line  
The message I was told was to try and find  
The joy of a lifetime

I just can't think of England  
I can't see the picture  
I'm still running from the fire, the fire

I just can't think of England  
I can't see the picture  
I'm still running from the fire, the fire, the fire

In the twilight hours of nervous rest  
I bought the beast before believing the threats  
In a foreign field I cut all regrets  
But the poisoned stories just repeat themselves in  
fucked-up mess

I was alone for the first time  
The message I was told was to try and find  
The joy of a lifetime

I just can't think of England  
I can't see the picture  
I'm still running from the fire, the fire

I just can't think of England  
I can't see the picture  
I'm still running from the fire, the fire

I just can't think of England  
Can't see the picture  
(Aaaahh?)  
Can't see the picture  
(Aaaahh?)  
Can't see the picture
