## "Kiss And Swallow"

Do you pay for your crimes?  
Does the punishment fit or drag your style to zero  
Nothing till the weekend

If you think that you're the thrill  
Take a look at your life, you kneel before your heroes  
Nothing till the weekend

Could you care for the blind?  
Tell me all in all, they're just your kind of zeros  
Something for the weekend

If you think that you can spell  
Make a list of the cunts you'd send to hell and send  
them  
Send them on the weekend

Echo, echo, I know it's a sin to kiss and swallow  
Echo, echo, a kick in your head to kill the hollow  
Echo, echo, I know it's a sin to kiss and swallow  
Echo, echo, a kick in your head to kill the hollow

Do you care for the blind?  
Tell me all in all, they're just your kind of zeros  
Something for the weekend

If you think that you can spell

Make a list of the cunts you'd send to hell and send  
them  
Send them on the weekend

Echo, echo, I know it's a sin to kiss and swallow  
Echo, echo, a kick in your head to kill the hollow  
Echo, echo, I know it's a sin to kiss and swallow  
Echo, echo, a kick in your head to kill the hollow

Are you listening?  
No, in the narrowest sense  
Are you listening?  
I can hold you down by candlelight

With indifference, let the comfort start  
I love you on your right side  
It happens, promises broken, reasons let go  
It happens, are you listening?

I know it's a sin but tell me it happens  
I know it's a sin but tell me it happens  
Echo, echo, echo  
Echo, echo, echo

Echo, echo, I know it's a sin to kiss and swallow  
Echo, echo, I know it's a sin to kiss and swallow
