Pay no attention to obedience
The kids and wishes fix and forgotten for my self-
defense
We all want to fuck ourselves and rape the world
So the odds of the cult will prevail in vanity, not God,
not love

Oh no, they can't leave it alone
Oh no, we can't leave it alone

Because a negative sex was born into a bloodline
The negative sex is power for a lifetime

Show man the mix of the alternative
It's all ammunition for the gender bend and the
bedroom twist
They say that the fashion's just not feminist
But the sweet and the turn on sits in the laps of the girls
With the balls and the hits

Oh no, we can't leave it alone
Oh no, we can't leave it alone

Because a negative sex was born into a bloodline
The negative sex is power for a lifetime
The negative sex was born into a bloodline
The negative sex is power for a lifetime

Sex for a lifetime
Sex for a lifetime
