Every night she closed her eyes  
Every night she turned afraid  
When the sex dripped on her lips mixed with her tear  
drops  
Daddy's little girl became erased

When she crawled across the sheets onto the a-list  
The attention took her attention away  
In the company of wolves there is no sympathy  
We feed on the remains

And I hear screams  
I hear Screams  
Like a victim for the first time  
I hear screams  
I hear screams

In the city of angels she laid  
Skin soaked in the chlorine and the cocaine  
No love will sail her over this dirty ocean  
If she returns she returns to pain

For her the safest place is here

Between the porno and the comfort of her deepest  
fears  
In the strobe light we erase her like prey  
She just rises into the ether

while she screams  
I hear Screams  
Like a victim for the first time  
I hear screams  
I hear screams

Screams  
Screams  
Like a victim for the first time  
I hear screams  
I hear screams

Wake up  
Daddy's little girl  
Wake up  
Daddy's little girl  
Wake up  
Daddy's little girl  
Wake up'
