Pacific Sun
You changed the color of my skin
From up above
Lift up my heart and let me in

Lay me down
I was lost without you

Under the sea
The fishes kissing at my toes
Of all I see
You are the one that I would like to know

Lay me down
I was lost without you
Lay me down
I was lost without you

Pacific Sun
You changed the color of my skin
From up above
Lift up my heart and let me in

Lay me down
I was lost without you
