Hello, Monsieur  
I've got the door  
And the key to your loft on the nor'

Where it's notorious  
For the bumps in the night  
Thump, ba-dump, ba-dump  
Ba-dump, ba-dump

They've been waiting  
They are friends  
'Til the end we're friends 'til the end

We're not gonna harm you  
Let us in for a swim  
We will find the way  
To your heart

Thump, ba-dump, ba-dump  
Ba-dump, ba-dump

The music that haunts this town  
Awakens the souls as they gather around  
The fire that burns their ground  
Now we are one, two, three, four

You can't stop us now  
No, you can't stop us now  
No, you can't stop us

Open your eyes  
This is the start of a  
Beautiful, beautiful day

The weather is glorious  
It's the talk of the town  
Something must be wrong  
Around here

It's no surprise  
There's a glow in your eyes

You're alive now  
I can die now

Victorious  
While the dancing goes on  
You have met the one  
But we have overcome  
The endless little folds  
Of your heart

The music that haunts this town  
Awakens the souls as they gather around  
The fire that burns their ground  
Now we are one, two, three, four

You can't stop us now  
No, you can't stop us now  
No, you can't stop us

Na, na na na, na na na na, na na

The music that haunts this town  
Awakens the souls as they gather around  
The fire that burns their ground  
Now we are one, two, three four

You can't stop us now  
No, you can't stop us now (x11)  
No, you can't stop us
