Sun, yes, the size of a beach ball
The earth shall be the size of a sweet, sweet pea
Let it be as it goes, blow your nose

Yeah, yeah, yeah, I hear you, I hear you calling
Electric lightning lights the night until the morning
I caught you stalling on me every day, no way

It's the moon, yes, that turns the tides
On the ocean bed a starfish starts to slide
Into the sand the way it planned right on time

I can see the sunshine in the rain
"It's all be done before", that's what she says
I can see you got the sunshine in the rain

I can see the sunshine in the rain
"It's all be done before", that's what she says
I can see you got the sunshine in the rain

Sunshine in the rain
"It's all be done before", that's what she says
I can see you got the sunshine in the rain
